RYE

In the United States, "rye whiskey" is, by law, made from a mash of at least 51% rye. (The other ingredients of the mash are usually corn and malted barley.) It is distilled to no more than (80% abv), and aged in charred, new oak barrels. The whiskey must be put into such barrels at not more than (62.5% abv).

Rye whiskey that has been so aged for at least two years may be further designated as "straight", as in "straight rye whiskey".
