Our home-from-home is just outside San Carlos de Bariloche, from where we will ski beyond the boundaries of the largest ski resort in South America to warm up for four fantastic days of backcountry adventure with the best guidance on offer. We will overnight in the renowned Frey Hut as well as enjoying the comforts of our amazingly comfortable BBE Ski-House and our own in-house chef, the perfect place to relax and enjoy fine local wines and cuisine following days of fun and adventure in the mountains.

Our fantastic secluded alpine chalet come retreat will complete the trip and has five double rooms and a huge kitchen and living space for apres ski in an extraordinary setting in the Nahuel Huapi National Park. 40 minutes from central Bariloche, 30 minutes from the Cerro Catedral Resort and Frey Hut trailhead, and 50 minutes from Bariloche Airport.

## Why ski with us?

The Argentinean Andes offer some wonderful skiing opportunities, taking us away from busy resort pistes to long, exciting off-piste runs, scenic tours and even mountain summits. Benegas Brothers Expeditions reflect the spirit of mountain exploration in an exciting, yet safe and intimate atmosphere. Our guides have extensive experience around the world and our office staff have unrivaled local knowledge. You need to have previous off-piste experience and be able to ski linked, short radius turns confidently. We recommend that you join one of our off-piste courses to gain these skills.

## Food

An extremely important part of your holiday and skiing is food, and at Benegas Brothers Expeditions food is something we take very seriously! Our in-house chef will keep your energy levels up and taste buds happy after long days of fun in the snow, with a delectable Argentinean cuisine.
