

I \_\_\_\_\_, assume full responsibility and I forever release Hopdoddy Burger Bar and its owners and employees from any and all actions, claims or demands that I may have in the future, for any and all harm I may suffer, related to my purchase of "GHOSTLAND BURGERTORY"

I am fully aware that the "GHOSTLAND BURGERTORY" is extremely hot, due to the Ghost Peppers, Habaneros, Serrano, Jalapeno, and Ghost Sauce.

It has been known to cause, among other things, the following when consumed:

- Burning of the Skin if not Handled Properly
- Extreme Burning of the Mouth
- Hiccups
- Stomach Pain
- Painful Evacuation of Bowels
- Fainting, Crying, Whining, Screaming, Giggling, Sweating
- The Overwhelming Craving for Milk, Ice Cream, Popsicles, and/or Ice Cubes
