303 - HOW WE CAME TO BE..

The idea for 303 began on an old, large, wrap around patio in the French country side. Adam, our chef, wanted to recreate his childhood memories of sitting on the porch, taking in the sweet savory scents of his grandfather's wonderful recipes, and bringing those superior tastes straight to you. So sit back, relax, and let us serve you some of the flavorful tastes of Adam's...okay, okay..We're totally just kidding! Well, not about how good our food is- that part is true. But now that we have your attention, please feel free to ask your server about making substitutions to your dish or to hear more about our specials for the day. If you are interested in reserving the back patio for any special event, please ask for more information!
