

Welcome to American Fresh Taproom at Assembly Row by Somerville Brewing! Many years ago we had a dream of offering fresh local artisanally created foods to pair with our beers.

As you can see our prep area is quite limited. Please be patient with us and if you can, please leave the tables available for guests to eat, especially those with young families.

Go ahead and ask our Slumbassador team questions and offer advice. This is our first venture of this nature and we want this to be a great experience for you.

Over the summer and fall we're working diligently to build our second location American Fresh Taproom and Brewery in the Boynton Yards area of Somerville. We hope to see you there in late November.

*Cheers & Slainte!
Jeff & Caitlin*
