Are we that pretentious and snotty here at The Mitchell? Did we take ourselves too seriously and dedicate an entire page to this simple cocktail? Perhaps, but we happen to love Gin, so after months and months of exhausting research we have a few opinions.

Tonic water does matter and we love Gin even more. We could have went a step further and added fancy pants garnishes like lavender and star anise but The Mitchell would slap me if such a thing fell into such a classic cocktail.

ANYWAYS, SEE FOR YOURSELF...

Fords Gin and Fever Tree Tonic Water (house style)

Our Boys over at 86 Spirits created a wonderful, complex gin for cocktails, all we did was put a good tonic water beside it. Lime Wedge, Lemon Peel
